

TechNova Solutions
Junior Full Stack Developer Intern

About the role:

TechNova Solutions is looking for a Junior Full Stack Developer Intern to join our product engineering team. You will work on customer-facing features across our web application, pairing with senior engineers on both frontend and backend work.

Requirements:

- JavaScript
- React
- Node.js
- REST API design
- SQL
- Git

Nice to have:

- TypeScript
- Docker
- MongoDB
- AWS

What you will do:

Build and ship features across the stack, write clean and tested code, and collaborate with designers and product managers in an agile team environment.
